Lots will be sold at private sale and final distribution take place publicly on the tract.

A uniform scale of prices will be maintained upon each and every lot, payments thereon being made monthly until paid for, as follows: \$00 cash down and \$30 per month until paid for.

The first name drawn entitles that person to the residence and the two lots upon which it stands, value \$3000. Subsequent names drawn entitle the parties to a choice of the remaining lots.

The twenty-fifth name drawn secures, in addition to a lot, a Henry F. Miller piano, value \$500.

The fiftieth name drawn secures a lot, and in addition thereto a horse, larger and the preserve at the standard process.

Deferred payments without interest. Many of these lots are valued at \$250, \$300 and \$350 each. These lots are in the Norton Tract, being a portion

Noted Highland View Tract. Parties can visit the tract by bus or by the L. A. and S. G. V. R. R. trains, which pass it six times daily; but a far more pleasant trip can be made by private conveyance, fifteen minutes' drive from the Postoffice.

The celebrated Prospect Avenue, six miles long, traverses this tract, and the outlook from it at this point upon the aurrounding suburban homes, the adjacent hills and distant mountains is unsurpassed.

It commands a view of Pasadena, Sierra Madre Villa, San Gabriel Valley, and Hotel, San Fernando Valley as far as the eye can reach, and the occern in the distance, as well as a searer and more perfect view of the City of the Angels.

According to our project, the superior inducements are manifest, since there are fewer lost than might be expected, together with lower and better terms than any preceding investment proposed to the public.

Owners will transact all business with the respective parties purchasing. Premises open to the fullest inspection at all hours of the day. All questions ocurteously answered and, particulars clearly set forth.
